UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION VIII

999 18th STREET - SUITE 500
DENVER, COLORADO 80202-2466

Ref: 8HWM SM

JUL 15 1994

Mr. Brad Johnson
Division of Environmental Response and Remediation
168 North 1950 West, 1st Floor
Salt Lake City, UT 84116

Dear Brad:

Below are the RPM's comments on the FY 94 Second Quarterly Report on the Multi-Site Cooperative Agreement:

Kennecott (Eva Hoffman)

Description of work and progress on site is accurate. Additional funds needed for following quarter are being processed.

Richardson Flat (Bert Garcia)

No work done and no expenditures made during the second quarter.

Petrochem/Ekotek (Desiree Campbell)

Description of work and progress on site is accurate.

Sandy Smelter (Sam Vance)

The description of work and progress on site is accurate. However, the amount of funds in the travel line item is excessive. This money exceeds what can reasonably be expected to be expended by the State. Seventy-five percent of this amount should be moved into personnel to provide additional State services on this project.

Rose Park (David Ostrander)

Explanation of work accomplished on site is accurate.

Sharon Steel OU2 (David Ostrander)

Explanation of work accomplished on site is accurate.

Sharon Steel OU1 (David Ostrander)

Explanation of work accomplished on site is accurate.

Printed on Recycled Paper

Utah Power and Light/American Barrel (David Ostrander)

The work description on site is accurate. Incremental funding by quarter for State MA and lead on RA oversight is being done.

Portland Cement RD (Mike McCeney)

The work description on site is accurate.

Portland Cement (Mike McCeney)

The current description on site is accurate.

Wasatch Chemical (Bert Garcia)

No comments.

PA/SI (Luke Chavez)

Explanation of work accomplished during this period was sufficient and correct.

CORE (Linda Armer)

Note: Under program management section, ASTSWMO did not put on a course in January, 1994; This course was an EPA presentation.

Please respond to the above comments. If you have any questions, please contact Linda Armer at (303) 293-1264.

Sincerely,

Carol L. Campbell
Carol L. Campbell, Chief
Superfund Management Branch

**UTAH DEPARTMENT OF ENVIRONMENTAL QUALITY
DIVISION OF ENVIRONMENTAL RESPONSE AND REMEDIATION
MSCA QUARTERLY REPORT
SECOND QUARTER FY 94**

This report summarizes the State's activities under the Utah MultiSite Cooperative Agreement (MSCA) for the second quarter of federal fiscal year 1994. The report covers the activities funded under the MSCA, including (A) personnel; (B) general MSCA grant activities; (C) status of Preliminary Assessments; (D) status of Site Investigations; (E) state management assistance on the Sharon Steel OU1 federal enforcement lead RI/FS; (F) an update of Portland Cement OUs 2 & 3; (G) an update on Midvale Slag activities; (H) an update on Richardson Flat activities; (I) an update on American Barrel activities; (J) an update on Rose Park; (K) an update on Petrochem; and (L) an update on Sandy Smelter site.

A. Personnel

1. Several CERCLA Managers attended Quality Management Skills (QMS) Training held in Salt Lake City on January 25-26, February 22 and March 22, 1994.

B. General MSCA Grant Activities

1. Applications to fund the State's FY 94 activities for several sites were submitted during this quarter:
 - a. Sharon Steel OU2: \$150,000 to fund RD Activities.
 - b. Sandy Smelters: \$20,000 to fund SACM Activities.
 - c. Portland Cement: \$27,162,850 to fund RA Activities.
 - d. Midvale Slag: \$100,000 to fund Oversight Activities.
 - e. American Barrel: \$15,000 to fund Oversight Activities.
 - f. American Barrel: \$25,000 to fund RA Oversight Activities.
 - g. American Barrel: \$25,000 to fund Community Relations Activities.
 - h. Murray Smelters: \$25,000 to fund oversight Activities.

Attachments:

Tables 7 & 8 - Budget and 2nd Quarter Expense Reports for Midvale Slag.

1. The contractual OCC is overspent in the RI/FS account. An application for additional funds has been submitted.

H. Richardson Flat (Remedial)

1. As a result of United Park City Mines meeting with Richard Guimond, Assistant Deputy Administrator for EPA Headquarters, activities have been temporarily suspended at the site. No significant activities occurred during last quarter and no activities are planned for this quarter. It is likely that EPA will not resume activities at this site until they address the PRP's comments regarding the HRS package. EPA is also considering a voluntary cleanup at this site by United Park City Mines with UDEQ as a lead oversight agency. However, no decision has been made regarding this site.

Attachment:

Table 9 & 10 - Budget and 2nd Quarter Expense Report for Richardson Flat RI/FS Oversight and RI/FS accounts.

I. American Barrel Site (Enforcement)

1. The RD/RA Consent Decree is about to be finalized between the EPA and the PRPs (so far, solely UP&L). At this point UDEQ has indicated that they will not be involved with the signing of the Consent Decree.
2. The final RD/RA Work Plan for Phase I Excavation was approved by EPA and UDEQ.
3. The RD/RA Health and Safety Plan has yet to be finalized by the Agencies.
4. The Site Specific Enforcement Agreement (SSEA) for RD/RA is yet to be negotiated and finalized between the EPA and UDEQ.
5. Field Activities: 4th Quarter groundwater monitoring was recently completed.
6. Community Relations: UDEQ and EPA representatives are keeping the public and government officials informed of all major developments.
